Date Issued:

Time Period:
XX/XX/20XX - XX/XX/20XX

Name: Sample

Location:
123 Main Street
Sample City, US 12345

This certificate of recycling includes a reference number and time period of products received via the listed collection center(s) listed on the receipt report. All accepted waste materials for recycling are received, analyzed and processed in compliance of receiving and processing facility permits and requirements. All material management adheres to applicable local, state and federal laws, ordinances, regulations and guidelines.

The Battery Network (operated by Call2Recycle, Inc.) administers contracts for used battery and cellphone collection, transportation, consolidation and recycling. The program conducts due diligence environmental audits of facilities and contractors, managing in compliance with environmental laws.

Leo Raudys, President
